With such enthusiasm, how could we lose?

This years girls' soccer team showed extreme determination and effort. They broke their year losing streak by beating Broad Run 2-1. Due to the large number of Freshmen on the team, they are looking forward to a strong future. The girls came in third place in district this year, placing above Broad Run by a win of 4-1.

I thought the game was soccer, not patti-cake.

J.V. BOYS BASKETBALL

J.V. Basketball

"This year's J.V. Basketball Team ended with the best record within the past six years," says Mr. McDonald.

The team ended with a 9-7 District record.

The effort and determination has grown each year, and a championship team is inevitable.

I played on this year's J.V. Team and I greatly appreciate the chance to watch and play with twelve great basketball players. I feel this team deserves the best for their accomplishments, and I apologize that the yearbook doesn't give full pictorial recognition to all its members.

*District Champion

Wrestling is the most physically demanding sport for an individual. Once in contact with the other wrestler, he is in a constant battle with gravity. It is an individual sport like track, swimming, cross-country, and so on. Wrestling requires "moves," endurance, and strength. It also demands good sportsmanship and determination.

Wrestling practices are so essential to winning that missing two days could result in the loss of a match. A common wrestling practice involves various exercises. Stretching, muscle-building, and endurance exercises average about 30-45 minutes. This is followed by weight-lifting, running, and then wrestling.

This year's wrestling team had 3 seniors, 9 juniors, 2 sophomores, 2 freshmen, and 6 eighth-graders. The 1977-78 wrestling season was the successful building of next year's North Western District Title.

Juniors (119) Marcel Willner and (132) Greg Weir both took the N.W.D. title at their respective weight classes. Advancing to regionals (Harrisonburg), Weir received 4th and Willner 5th. Weir advanced to state, which was held in Pembroke, Va.

Weir puts in "desperation cradle" as he pulls off an 18-3 victory.

Kurt drops back with a near cradle.

Clark County expresses his view towards the camera.

Tri-M
(Modern Music Masters)

Modern Music Masters is an International Music Honor Society which recognizes outstanding school musicians. Students who are selected for this honor must be active participants in school music programs, and maintain high scholastic standing as well as superior grades in music. They exemplify citizenship and musicianship, which enhances the Music Department and George Mason High School in the community.

Forensics

The Forensics club gives students a chance to practice any form of public speaking that interests them. To begin with there is a review of the areas of competition encountered in the District, Regional, and State meets. The students then choose their favorite form of competition and concentrate on that division in order to become proficient for competition. There are four main areas; poetry reading, prose reading, original oratory, and extemporanous speaking. Spelling is also considered a forensics activity and students who are interested may pick up word lists that have been used in former meets.

The Future Business Leaders of America is a co-curricular activity. Students participate in in-school field trips and competitive events throughout the year. Its purpose is to provide students with the opportunities to develop leadership abilities and increase their business knowledge.

The Latin Club and its members share interest in classical events in the area. They participate in drama, theatre, and musical trips throughout the year. In school, they participate in such events as the Foreign Language Career seminars, the A.F.S. tea and the INTERNATIONAL DINNER, as well as other school events during the year. (Open to grades 7-12.)

The Key Club is a service organization for young men and women in high school. It is sponsored by a local Kiwanis Club composed of the leading business and professional men of the community. The Key Club strives to develop initiative, leadership, ability and good citizenship in all of its members. It also has an extensive service program. Not only does the club provide the school with many services which make it a more pleasant place for students and teachers alike, but it goes into the community as well, to undertake various projects for the benefit of the entire community.

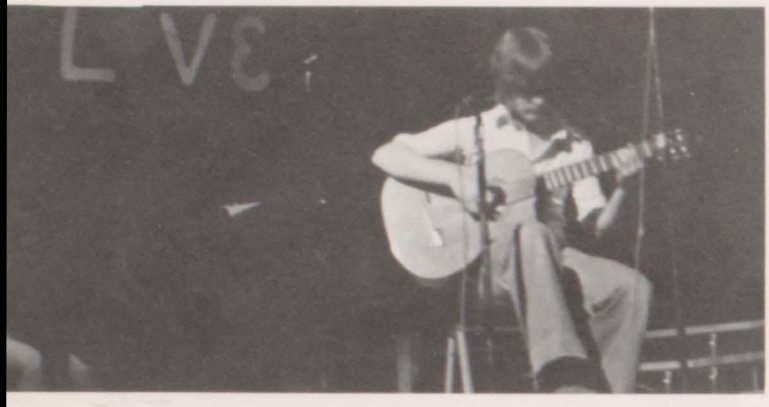
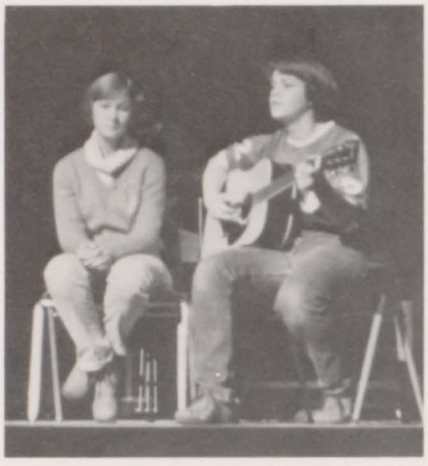
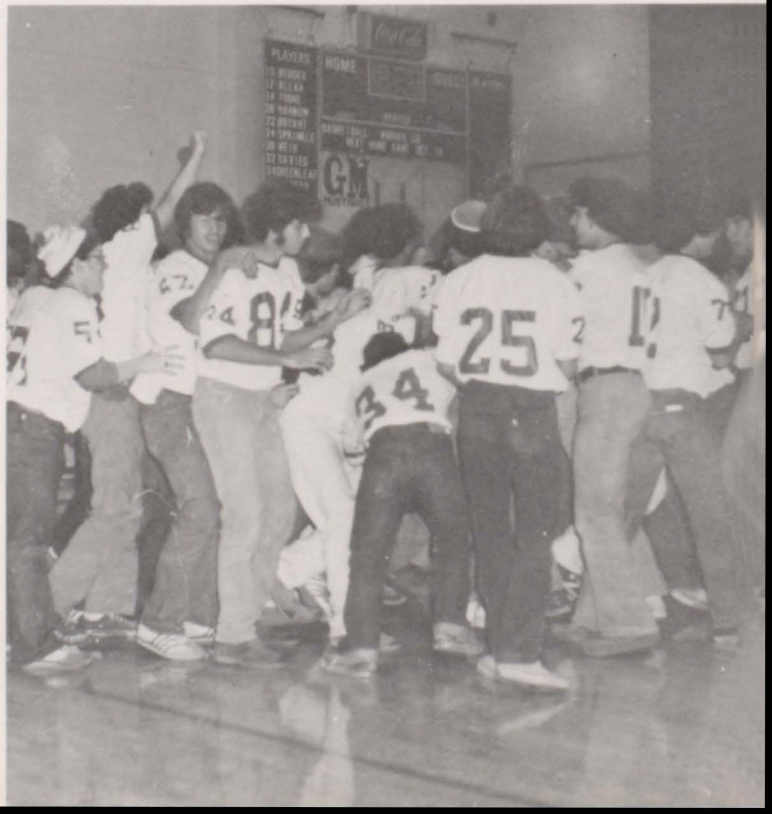
STUDENT LIFE

HOMECOMING

Homecoming this year was a change of pace from the past. Throughout the week, with the Pie-eating contest, the Mr. Sexy Legs contest and the indoor pep rally (that *wasn't* dampened by the rain), Mason was building up for something big. On the field, the Mustangs kept everyone on the edge of his seat by beating Broad Run and breaking several records. The Mustangs broke a 19 game losing streak and won their first Homecoming game in 5 years. That evening, after the exciting climax of the game, many couples got out on the floor and danced the night away.



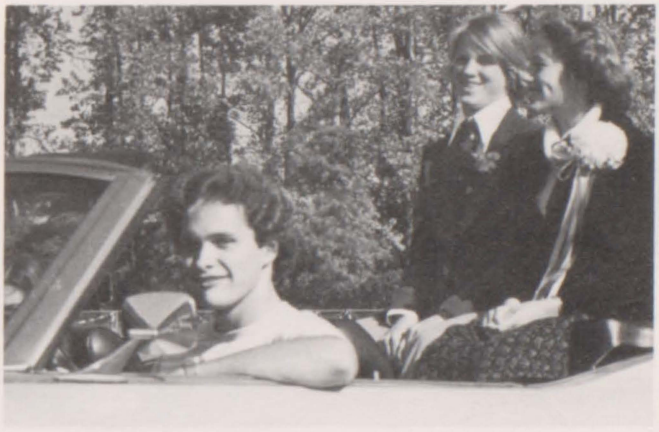


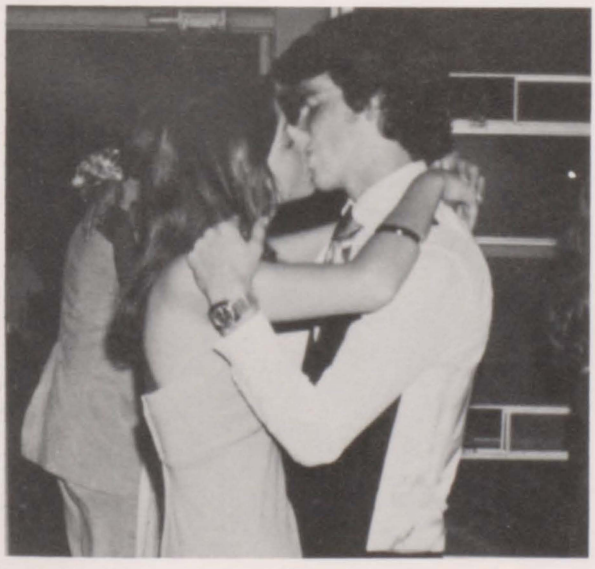


Ahhh . . . Thpit.

Dr. Thoms crowns Cathy Hudnal 1977-78 Homecoming Queen, as King Bill Shafer looks on.

Bill Shafer and Kathy Hudnal, the royal couple.





SCC LEADERSHIP RETREAT

Junior girls find their own piece of the rock.

The S.C.C.'s retreat to Camp Shiloh served a multitude of purposes. Along with the annual instruction on parliamentary procedure, there were informal discussions about how people communicate with each other, as well as games geared to problem solving. But the trip wasn't all work and no play. During the day there were many facilities available, from volleyball to hiking. At night, a campfire was always burning, and an abundance of marshmallows would be on hand, or a group of rowdies could always find someone's cabin to "decorate" with toilet paper.

One more for the road . . .

JUNIORS

We're almost at the top . . . . . .

We the Juniors, just one more year until we reach the top. The top of what? Our school? No way, there is still so much more to learn. On top of ourselves? Well, some of us will be: knowing where we're going, what we're going to do and most important, who we are. For us, the climb will be easier.

It isn't necessary to have your climb planned out step by step. Of course, it would help, but things change, boulders fall, rocks slip, you break a leg. You just need to have an idea of which direction you are heading, and for all of us it should be UP!

Sure you might get tired, the path may seem too steep, but to go down now would mean each step was wasted, each sight must be seen over. Why not just stop awhile, take a rest, see how far you have climbed, and be proud of what you have accomplished. Then begin again, but don't turn back . . . When you are in complete peace of mind with yourself and things around you, when your dreams seem more real than ever before, when you feel content, not only with what you have received but for what you have given, then you will have reached the top.

HURRAY!
